

Computers smooth your way to more independence and inclusion into society. No matter if it is education, vocational training, leisure, culture or politics, information becomes accessible and you can take an active part. But it is important to get to know these possibilities soon and realise them in order to get a "sharper" view of the world.

Workshops:

Take your chance and get involved in workshops such as: Internet, E-Mail, Chat, Speech In- and Output, Office Software, Music and Computers, Computer Games, Special Equipment and Software...

In order to develop your social, creative and communication skills select workshops such as: ICC-Newspaper, ceramics, fashion, cross-culture or communication skills...

The Camp gives you the possibility to integrate into a learning and leisure programme (there are more than 40 workshops to choose). Enjoy yourself as part of an international community together with people from about 20 European countries.

Technical Equipment:

Each participant gets a workstation adapted to her/his special needs. In addition we try to have up-to-date technology at the camp and to show you the latest technical developments.

Care:

You will be trained and supervised by experienced and proficient trainers from partner organisations from all over Europe. The ratio will be: 1 trainer : 2 participants. The varied leisure programme will be similarly cared for (outings, swimming, games, music...).

International Camp on Communication & Computers

STUDIENZENTRUM FÜR SEHGESCHÄDIGTE (SZS)

International Camp on Communication & Computers

400 €
all included
except travel costs

WHAT is the ICC?

Get involved in computer and non-computer workshops, sports, discussions with experts or just exchange experiences with people like you. Take the opportunity and have an intercultural time at the camp, take part in creative events and learn more about life at school, university and work.

WHO can take part?

Partially sighted and blind students from the age of about 15 to 20. Basic computer knowledge is needed. Remember, the camp-language is English!

WHERE does ICC take place?

High School for the Visually Impaired | Str. Calea dorobantilor Nr. 31 | 400117, Cluj-Napoca | Romania

WHEN does ICC take place?

Students aged 15 to 17 years: **23. - 30. July 2012**

Students aged 18 to 20 years: **1. - 8. August 2012**
